

# Janeiro 2022: Ataque DDoS em Andorra

CET-8493 Cibersegurança

UFCD-9197 Wargaming

# História

- Torneio de Minecraft (Twitch Rivals SquidCraft)
- *Streamers* participantes da comunidade espanhola, mas alguns situados em Andorra
- Andorra Telecom é a única ISP no país
- Pico de 100Gbps de largura de banda
- Equipa Andorriana removeu-se do torneio para evitar mais transtorno para o serviço de internet no país

Catalin Cimpanu | January 24, 2022

## **DDoS attacks on Andorra's internet linked to Squid Game Minecraft tournament**

## **A Minecraft tournament led to a DDoS attack mostly knocking Andorra offline**

DDoS against the country's only ISP to hit Twitch's SquidCraft Games

## **'Minecraft' tournament DDoS attack takes down Andorra's internet**

A reward has been offered for finding those responsible

## **Minecraft DDoS Attack Leaves Small European Country Without Internet**

By [Mark Tyson](#) last updated May 11, 2022

You won't get caught if you hide behind someone.

## **A 'Minecraft' DDoS Attack Basically Shut Down An Entire European Country's Internet**

**DDoS attack on Minecraft Twitch tournament disrupted Andorra's internet access**

NetBlocks

@netblocks

**i** Confirmed: Internet disruption registered on [#Andorra Telecom](#) (AS6752) on Saturday evening; the incident is attributed by the state telco to a DDoS attack targeting the high-stakes [#SquidCraftGames](#) Minecraft Twitch competition, resulting in the elimination of Team Andorra 📉📈

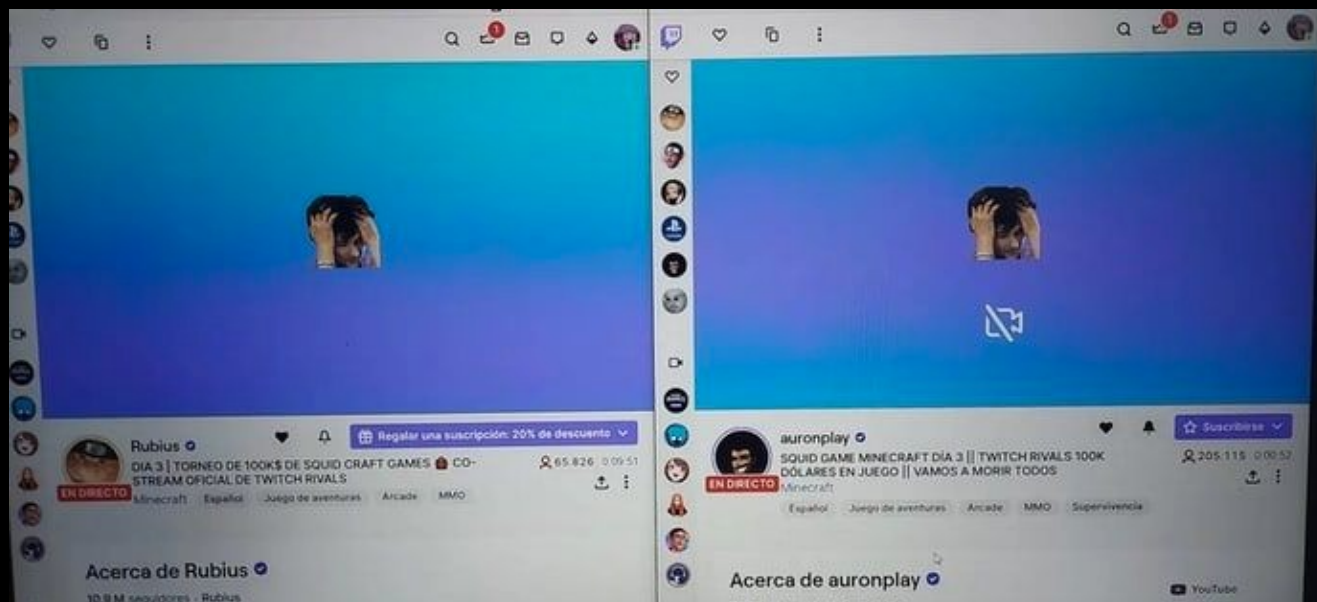

Network Connectivity, Andorra: 2022-01-20 to 2022-01-22 UTC
